house and attend the club or grange meeting of their opposite number.

At this week's meeting held Monday evening at the Lone Pine Club, Frank Klingbeil of Higgins Lake and Florida gave the program. Mr. Klingbeil is a Kiwanis Club member in Florida and during his summers months at Higgins Lake meets with the Grayling Club. In the summer of 1954, he, with his wife, spent several months in Europe traveling through several countries. He showed the club some beautiful colored slides taken in England, Germany, Italy, Austria, Germany, etc. He explained the pictures to the club members along with interesting sidelights concerning the area in which the picture was taken.

## Color Tour Group Enjoy Weekend Here

The air color tour group arrived in Grayling late last Friday afternoon. Weather cut into the expected attendance as many planes were grounded through out the state.

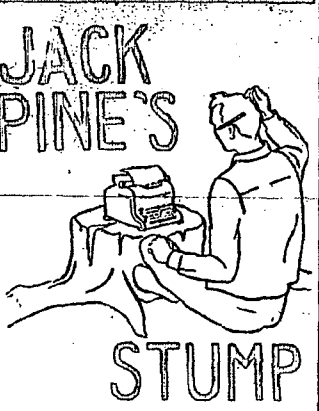

In all, eighteen tourists arrived and enjoyed a color tour through the county Friday afternoon. The group went to the Hartwick Pines and Lovells area. Friday evening they attended the Grayling-Gaylord football game at Gaylord.

They returned to Grayling after the game for a lunch at a local restaurant.

## Golden Wedding Anniversary Observed

October 13th marked the golden wedding anniversary of Mr. and Mrs. Algot Johnson, well-known Grayling residents, and to mark the occasion Open House was held Sunday afternoon at Danebald Hall, between the hours of two and five o'clock.

The long luncheon table was covered with a beautiful white cloth, hand-embroidered by Mrs. Johnson, and the table was centered with a beautiful tiered anniversary cake decorated in white and yellow topped with a golden ornament denoting the 50 years. The golden cake holders, the punch table also was covered with a matching embroidered linen cloth.

Not much to say this week. The only notable mail was from a guy called Jack Pine Limb who sent me some old and risqué jokes. Thanks, Limb, maybe I'll use one of them. It's been a dull week all around, with poor hunting. The only bright spot was watching MSU thrash Notre Dame Saturday. THAT was a game! Why, even the Detroit Free Press gave State some credit for fine football. Usually, if State wins a game, the Free Press seems to feel that the other team had a bad day. What that paper needs in its sports writers is less University of Michigan partisans.

Today (Thursday) I am going pheasant hunting with a doctor friend in Lansing. Doc, it seems, treats lots of farm folk, and most of them want him to try hunting on their lands. Quite a refreshing change from the way far more, fool about hunters. That is one of the few reasons I would ever want to be a doctor. Unless, of course, his patients pay him in hunting rights instead of cash.

While on that subject, I have found that when asking a farmer in the southern part of the State for permission to hunt his land, it is best to say that you are from Grayling. If the farmer thinks you are from Detroit or some other industrial city, he is more than likely to say no. But it is surprising to find out how many of the farmers hunt deer in Crawford County and how many of them they have to turn the people up here. Try it; it really works.

Somebody (probably an Englishman) once said that the USA was a fabulous land where a poor man could afford to buy a Ford, he bought a Cadillac. Or as a friend in a bank loan department put it, "Yeah, champagne tastes on a beer income!"

Heard the other day about a time many years ago when some one in Grayling owned a pet otter. This animal was most amazing in that he liked to play with dogs. However, it soon became apparent that a great number of dogs were disappearing around town. Since the rest of the dogs wouldn't play with the otter, he took to meeting the many trains that used to stop here in the hope of making a grab for the dogs. These, too, would disappear. Well, the local people got sort of indignant about the vanishing dogs, and sort of figured out that maybe the otter had something to do with it all. So he was carefully watched, and sure enough, the otter was to blame. Seems that he would lead a playful dog closer and closer to the river, and when he got him into the water, would bite him in the throat and kill him. Then, off he went looking for another unsuspecting mutt. It is not recorded whether the otter died a natural death or not.

In San Bernardino, California, there is a sign in front of a church that reads, "Come in and have your FAITH lifted." It's a terrible pun, but the more you think about it... well, it sort of grows on you.

He who thinks that the black bear is just a great big stupid hulking beast without feelings is in for a surprise, according to officials at the Custer Wildlife Refuge. It seems as though the Station-ordered five pounds of peanut butter for the bear research project, and the business manager raised high a dubious eyebrow. "That's for?" he queried, "what's that for?"

"For bear trapping," came the answer. "We tried honey, rotten meat, fish heads, garbage, and lots of stuff. They like OK, but to really get them into live traps, you got to use peanut butter. That works best. They're kind of sticky, you know." The order was approved.

Hunters are being asked to return metal bands on deer, bear, woodcock, grouse, waterfowl and any other game to conservation agencies. Waterfowl bands should be sent to the Wildlife Service in Washington, and all others to the Conservation Department in Lansing. There is plenty of good reason for this. Those creatures have been banded at a Northern age, in a certain area. Knowing how far they have traveled, and how long they have occupied the guns provides invaluable information on which the state and federal governments can act to increase yield to the hunters. ### P. T. A. SPEAKER TO VIEW "DELINQUENCY"

It is an unfortunate, but nonetheless true, fact that the majority of mankind falls in the category of "bad parent." It is also unfortunate that the majority of mankind is a parent.

Now a backpassing senator is bad enough but a back-passing parent is a disaster. The parent is the most powerful influence in the world, more powerful than teachers, more powerful even than mothers. Banded together there is nothing parents cannot accomplish.

That is why it is so tragic to hear them whine from their own little corners about conditions. Conditions anywhere, but here we will concentrate on conditions in the schools. The schools are what the parents make them. It's of no use blaming the school books or anyone else. This responsibility lies with the parents. And it is sad indeed to find these parents dissipating their strength, not only unwilling to take the responsibility but condemning those who do.

Father Breitenstein will speak on this subject, which he terms "parental delinquency," at the P. T. A. meeting next Wednesday. Through his work with youth groups in Muskegon Heights, Grand Rapids, as well as Grayling, he is qualified to point out the detrimental effect parents can have on their own children. He speaks with authority and morality, but with apathy.

When one of your townsmen heard of Father Breitenstein's proposed talk, he snorted, "What good will it do? The parents who need improvement are the parents who don't come anyway."

This, my friends, is a challenge. Will you accept it, or will you prove to your neighbor that you are a failure?

### Grayling Trips Gaylord Blue Devils 20 to 7 To Even Season Record

#### Vikings Eye Loop Third Place Spot

The Grayling High Vikings will entertain the Mancelona Ironmen this Friday night at the second game to be played under the lights here at the gridiron at the Grayling Memorial Recreation Area.

Grayling is given a slight edge to defeat the invaders but must stop the Ironmen's 248-pound back, Schiller, if they are to gain a victory. This week's action could put Grayling into third place all alone in the North Class C. Conference with a good chance to finish in second place in the loop, or at least a tie for second.

### Capture Two Jackson Escapees

Two escapees from a trustee farm at Southern Michigan Prison at Jackson were captured in Beaver Creek Township last Friday afternoon by State Police from the Houghton Lake Post and Crawford County Deputy Sheriff Rolla Failing.

The pair had stolen a Conservation pickup truck on Thursday and driven north. A tip to the sheriff's department revealed that they might be in Beaver Creek. The escapees were found in the cab of the truck parked in a deep ravine in the woods.

Robert E. Weaver, 43, of Flint suffered cuts and bruises about the head last Saturday morning at 2:30 a.m. when he missed the curve at the junction of M-72 west of Grayling while heading towards town. He was treated and released at Grayling Mercy Hospital. The accident was investigated by Deputy Sheriff Rolla Failing.

Deputy Failing issued a ticket for not having his car under control to Walter Douglas, 45, of Detroit when his car skidded and overturned on the curve on M-72 west of Grayling one mile South of the junction of M-72.

James Remer, 32, of Grayling is serving a 15 day sentence in the Crawford County Jail after his arrest on a drunk and disorderly charge Sunday by Chief of Police Harold Hatfield Jr. Remer pleaded guilty to the charge before Justice of the Peace Arthur Clough on Monday and was assessed court costs of \$4.30 and given the jail sentence. Remer will also have to appear before Circuit Judge John Shaffer for a circuit court violation of Probation which also resulted from the incident.

Grayling gained 245 yards rushing to Grayling's 35. Grayling added 50 to 60 yards to the yard while the Vikings made 25 via the aerial route. Grayling was penalized 45 yards, the Blue Devils 20.

The Vikings suffered no injuries in the game and the whole team played outstanding ball. Reserves used showed up very well. Coach Larry Baumann said, Failing, G. Parkinson and Kenyon all intercepted Grayling passes to stop drives. Kenyon, the punting and averaged 40 yards. Grayling intercepted one Grayling aerial.

Jim Parkinson was selected as Grayling's linesman of the week. His play must be rated as the best in the conference as he refuses to be held out of the play on defense. His play has sparked the rest of the Viking line and they are becoming increasingly rough. Worden was named the back of the week for his great running in the Grayling game. He along with Failing are beginning to run with determination and are not allowing themselves to be taken out by brush tackles. Both backs are beginning to make absolutely full use of any and all interference also.

Due to the larger group of boys they have organized the third patrol known as the Cobra Patrol. It is made up of all the explorer Scouts. The new officers for the patrols are as follows: Senior Patrol leaders, Wayne Barber and Steven Olson, Troop Scribes, Gary Pippio and Charles Lodge; Cobra Patrol leader, Steven Olson, Asst. Patrol leader, Billy Johnson, Whipoorwill Patrol leader, Fred Allen, Asst. Patrol leader, Neil Rouse, Indian Head Patrol leader, Benny Pratt, Asst. Patrol leader, Frank Hartman.

The patrol and Junior leaders, the troop is looking forward to its best year of scouting. They are planning an annual banquet and Court of Honor during Boy Scout week in February and by that time plan to have several advancements.

The meetings are every Monday night from 7:00 to 9:00 o'clock. Anyone wishing to attend is welcome.

The sponsoring committee consists of 13 members with four new members. The members are as follows: Institutional Representative Dale Redman, Committee Chairman George Lodge, Troop Chairman: Walter Hartman, Jess Pratt, Carl Johnson, Carl Olson as sec-treas, of committee, William Legg, John Weld and Maurice Alma. Scoutmaster, Leo Post, Asst. Scoutmasters, Harold Mestas and Gene Kaiser and Explorer Advisor, Charles Chazy.

The auditors of the Frederic and Maple Forest Boy Scout finance drive for the Paul Bunyan Council, Carl Johnson and John Weld are happy to report that the drive was a success and netted \$343.00. Carl Olson, chairman of the Finance Committee wishes to thank everyone for their cooperation.

It appears that the Vikings have jelled into a smooth working outfit with their 20 to 7 victory over the Graylord Blue Devils there last Friday night. As a team they appear to be finding out that one touchdown does not mean the ball game as they roared back after the Blue Devils scored first. With the other team scoring first, it seemed only a signal to the Grayling team for more vicious play to get that touchdown back plus another.

All in all, the squad has shown a great deal of improvement over the past week and a much better brand of football can be expected from the Vikings the rest of this season.

Last Friday night, the Vikings moved to the Graylord one yard line early in the second quarter after an first quarter of seasaw play. They were thrown back on a clipping penalty and lost the ball to Graylord who almost immediately scored on a pass play to the Blue Devil fullback. They kicked the point and led 7 to 0. Late in the second quarter, the Vikings took the ball on their own 40 yard line and marched to Graylord's 40 yard line where with 80 seconds remaining in the period, Mel Lotter took the ball on a reverse and went 40 yards to score. Bill Kenyon added the extra point on a plunge. The game ended with the two teams knotted at 7 all.

Grayling took the kickoff to open the second half and marched to the Blue Devils 14 yard line with Failing, Worden and Kenyon doing the major share of the gains. Then on a beautiful fake by Gary Parkinson that had spectators wondering who had the ball, Failing rambled the 14 yards with out a hand being laid on him. The try for point was missed and the score stood at 13 to 7. Later in the first quarter Grayling took the ball near midfield on a punt from Graylord and on the first play from scrimmage, Worden took the ball over tackle on the strong side, cut back to the weak side and went all the way to score. A pass play to Don Roberts added the extra point. Play for the rest of the game was back and forth with no scoring threats developing.

Grayling gained 245 yards rushing to Graylord's 35. Grayling added 50 to 60 yards to the yard while the Vikings made 25 via the aerial route. Grayling was penalized 45 yards, the Blue Devils 20.

## Frederic P. T. A Meets

First regular meeting of Frederic Consolidated P. T. A. was held October 10 with forty present. It was decided for this year's project to buy some large play equipment for the Kindergarten room.

Mr. Howard gave us a very interesting talk on getting out and supporting our school.

The membership chairman reported 72 members and it is hoped that by next meeting we are able to report a larger number have joined. Parents, let's support our P. T. A.

The next meeting will be held one week earlier on November 7 because of deer season. Donuts and coffee were served. Mrs. Guy Kellogg-chairman

Dear Sir:

I'm sending money order for three dollars for another year's reading of your wonderful paper. I look forward to Friday each week to get the Avalanche, it's like paying a visit home to read it.

Tell Jack Pine to keep up the good work, I like his gift of gab. Of course, he will get letters from cranks but that's because the hat fits some of them. I think he is doing a fine job. I hope to meet him some day.

Sincerely yours,  
Vera Alberg

ANOTHER GULF FIRST!

# New Super-Refined Gas-Oil Team

gives you more miles per gallon...more miles per quart

**Gulf No-Nox burns clean.** Here's proof: Note the black deposit on plate at left, caused by the "dirty-burning tail-end" of gasoline—the part which Gulf refines out in making new NO-NOX. But see how clean new NO-NOX leaves the plate at right. Now—in your own car, see how new NO-NOX can give you more miles per gallon in the kind of short-trip, stop-and-go driving you do most.

**Gulfpride Select works clean.** Here's why: Most conventional oils are refined only to the stage shown in A. But New Gulfpride Select is further refined by the Alchlor Process—removing up to 15% more of the carbon-formers, in B... C contains the new super-refined oil that gives you more miles per quart because it has natural viscosity (body)—contains no artificial thickeners that break down in service.

Together they give you thousands of extra miles of new-car performance...new-engine economy

Gulf now brings you not just a gasoline... not just an oil... but a great new gasoline and a great new motor oil which, working together, boost each other's efficiency.

This new Gas-Oil Team will help your car retain all the horsepower you paid for—

help you enjoy thousands of extra miles of new-car performance.

Now that fall changeover time is here, switch to Gulf's great new Gas-Oil Team to get more miles per gallon—more miles per quart... plus complete engine protection.

## Tax Philosophy . . .

It is now generally believed that—barring some unexpected calamity—there will be a moderate reduction in federal taxes next year. Leaders of both parties have indicated as much.

There is considerable disagreement, however, as to what philosophy should prevail when Congress starts revising the tax laws again.

One group, for instance, holds that any cuts should be confined to the lower income brackets, and not extended to the higher brackets or to business.

From a purely political point of view, this might be profitable. From the viewpoint of the welfare of the country, however, it cannot be justified. Our population is growing by leaps and bounds. Within the next 10 years millions upon millions of people will join the labor force, and seek good jobs. Today it takes an average of \$12,000 to create just one—yes, just one!—job in American industry. Untold billions, consequently, must be invested in the relatively near future if full employment is to be realized. The present tax laws—which allow for taxes as high as 52 per cent of a corporation's taxable income and 91 per cent of individual's—are an obvious burden on economic growth. They don't leave sufficient capital in the hands of business and individuals to permit saving and investing at the levels which will be needed.

Any sound new tax law should distribute the benefits equitably all along the line—to people of small and large means, and business enterprises of every size and kind.

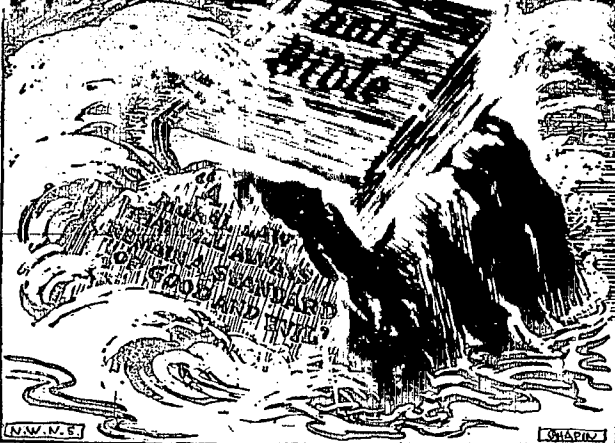

## Big Prize For The Tax Collector

Headlines the country over were made when, for the first time, a contestant on the fabulous TV program, "The \$64,000 Question," risked going all the way to win the grand prize. Had the winner, a personable young Marine captain, missed any part of the tough seven-part final question he would have lost the \$32,000, less taxes, he had already won.

The news reports of this, of course, said that the captain won \$64,000. Actually, however, he won \$35,000 or less. For the federal income tax will take about \$29,000 of the prize and any state income tax

## BIBLE WEEK

will be in addition.

The tax collector didn't have to take the big final risk—and he didn't have to possess the remarkable fund of specialized knowledge that made the win possible. But just the same, he will get close to half of the profit!

## Black Bread Instead Of Cake . . .

There was a day when children would while-away leisure hours with a good book, such as "Robinson Crusoe," "Treasure Island," or "Tom Sawyer." But today, as the Mansfield, Pennsylvania, Advertiser expresses it, "Too many children accept the poor substitute of a cheap comic book and 'eat black bread where they might 'eat cake.'"

Mrs. Adolph Peterson, Mrs. J. L. Martin, Mrs. Albert Knibbs, Mrs. Neal Mathews and Mrs. Wilfred Laurant, representing the local unit of the American Legion Auxiliary, attended the 10th District birthday party of the children at the Otter Lake Hotel, Sunday. Each month one of the districts of the state sponsors a birthday party for all of the girls and boys whose birthdays fall in that month and it is the 10th District's turn to entertain. There were nine whose birthdays fall in October and each one received a lovely gift and all of the children were treated to ice cream and cake. There are 87 children at the present time being taken care of at the Otter Lake Hotel. It is not an orphanage, but children of ex-

servicemen of the World War, who are bereft of their parents, are taken care of temporarily; or where parents are unable to afford medical attention or correction for their children they may receive this at the institution.

## From where I sit... by Joe Marsh

## Tie This One For Consideration—

Closed the office early last Saturday to go after pheasants with Pops Foster. I used fewer shells than the old gentleman and took home more birds—but not because I did better shooting.

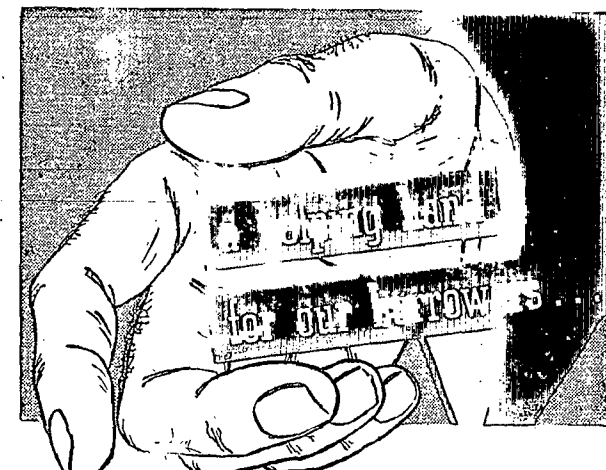

I'd borrowed a dog for the occasion. Pops took along Blue, his ancient pointer. Several times I noticed Pops walk up to a clump of bushes Blue had pointed at and fire into the air—though he hadn't flushed a single bird.

Naturally, I wanted to know why. "Well," he said sheepishly, "I've been hunting with that dog for 11 seasons. His nose isn't much

help any more—but I'd rather waste a shell than let him know." From where I sit, Pops always shows consideration for people, too. For instance, this is a small thing, but he puts a bottle of beer on ice for me when I visit him—though he never takes anything but coffee himself. Even if he doesn't agree with me on a matter of personal choice (which is his right) he'd rather not make a "point" of letting me know.

Not long ago a hush-hush, camouflaged '56 Chevrolet scorched the nerve-breaking road up Colorado's Pikes Peak for a new NASCAR\* certified record, the first time that old King of the Mountains has seen a new official stock car record in years! And what a road! 170 chilling turns and no guardrail! It's the first and only time a new model ever proved itself such a great road car before its introduction! The '56 Chevrolet showed the kind of performance that makes driving safer and more fun. So wait for the car that beat the King of the Mountains!

by ART GOODRICH

We don't know why people come into our lot and kick the tires of the cars they're looking at. We never have been able to quite figure it out.

The tires on the used cars at our used car lot can tell you a lot about the quality automobiles that pass through our hands. And you don't have to do any kicking.

Tires that are worn in spots, or that are worn only on one side of the tread and not on the other, are signs of front wheels out of alignment. Evenly worn tires are one of those clues, like the lack of a white coat on your tongue, that means general good health inside.

Tires that are free from cuts and bruises give a good indication of the kind of owner that had the car before you. A driver inclined to run into the curb leaves his mark on his tires. It's hard on the tires, of course, and also may damage the steering gear and linkage and knock the wheels out of alignment.

These signs on the tires, or lack of them, will give you an idea, too, of the general care the previous owner gave his car.

Take your time when you look over your used car, ask the questions you want to know and then take it out on the road for a good spin. Take the wheel yourself and see what it will do.

That's the way WE sell cars... and the proof of this pudding is in the fact that so many people who have bought cars from us come back to buy another.

Maybe they kept the tires, but they never kick about the cars they've bought.

### Michigan Memorial Church News

(Held from Oct. 13th issue)

The second Sunday of the month has been chosen as the day for a special offering toward the building program, with a special offering envelope provided for this purpose. This first month of the church school year the special offering added more than \$50.00 to the Building Fund. The total attendance of 213 was evidence of the constant growth that makes a building program necessary.

The staff again called the attention of both pupils and parents to the rule that anyone attending another Sunday School must bring a card or note from that Sunday School to receive credit for attendance.

W. S. C. S.

The pot luck supper last Wednesday was one of the best attended family nights the church has held. Tables were decorated with samples of Indian arts and crafts made by the children who presented a program on the Indian theme under the direction of Mrs. Matt Edison. The program was designed to introduce the study project of the Society, "Our Indian Americans."

The Mathilda Baumann Circle held their regular monthly meeting at the home of Mrs. George Griffiths last Friday afternoon. The rummage sale sponsored by the circle has been postponed because of the number of rummage sales by various organizations scheduled for this month.

The W. S. C. S. Board was scheduled to meet Tuesday evening to plan the society program for the next few months.

### 46 YEARS AGO

October 21, 1909

Mr. and Mrs. Charles Herrick moved to their new home in Fenton last week. Everybody was sorry to say goodbye to "Glady's". After the terribly disagreeable weather of last week, consisting of an incongruous mixture of wind, snow, sleet, rain, clouds and sunshine, Monday, kept us all guessing what was coming next.

Mr. and Mrs. Wm. McCullough are enjoying a visit from her sister who had not visited her for nearly 30 years in her new home.

C. O. McCullough and George McCullough are attending the Grand Lodge I. O. O. F. as delegates from Grayling Lodge at Sault Ste. Marie.

O. F. Barner, of South Branch, threshed 651 bushels of oats from 19 1/2 bushels per acre.

Eight years ago last spring, Victor Brown made a roster as given below of his class in the sixth and seventh grades in our school, which was planted under a shade tree, being set at the side of the school house. In excavating for the new basement the tree had to be removed and the paper was found in an excellent state of preservation, which we publish to refresh the memory of those who living here: Grades 6 and 7, April 26, 1901. Mrs. K. K. Kitchen, accom-  
panied by Mrs. W. J. Heric, spent the  
weekend in Flint. Mrs. Kitchen  
visited her mother, Mrs. O. R. Ful-  
ker, while Mrs. Heric stayed with  
her sister, Mr. and Mrs. C. A. A.

Mr. and Mrs. Robert Strong en-  
joyed a three-day vacation at the  
Canadian Soo, leaving Thursday  
afternoon and returning Sunday.  
Alvin Covell Jr., was in Muske-  
gon weekend before last to visit  
his parents, Mr. Covell Sr., is mak-  
ing good recovery from a heart  
attack and was expected home  
from the hospital in Muskegon  
Monday.

Bob Barnett would like his  
friends to know of his new ad-  
dress. It is Pfc. Robert L. Barnett,  
151943, U. S. M. C., 1st Pl. Gd.  
Co., Marine Barracks, U. S. Naval  
Base, Navy No. 128, c/o P. O.  
San Francisco, Calif.

Mr. and Mrs. Henry Bradley  
spent a week visiting relatives in  
Coldwater and their daughter and  
family, the Fred Westerholms in  
Napoleon, Ohio.

Mr. and Mrs. Harold Longdyke  
recently spent a few days at their  
cabin on the AuSable. Mr. Long-  
dyke's parents of Syracuse, N. Y.,  
who were visiting the Longdykes  
in their Birmingham home, came  
along with them to get a glimpse  
of northern Michigan. Say the  
Wallons, they had heard about  
Michigan in the fall, and had seen  
colored paintings, but they never  
believed what they heard and  
saw, it was impossible they said  
until this trip north and seeing is  
believing. Mr. and Mrs. L. took  
Momm and Pop up the Lake Michi-  
gan shore to Cross Village. The  
four travelers met, chatted and  
took snaps of Chief Yellow Thunder  
of the Ottawa Tribe. From  
there they took the winding trail  
to Mackinaw. Mr. Wallon, who  
will celebrate his 82nd birthday  
this week, never thought he would  
live to see the bridge across the  
Straits under construction. He  
knows the Straits well, as for  
many years he sailed the Great  
Lakes on excursion boats. The  
four travelers returned to the  
Hideout via Lake Huron shore.  
The Wallons were escorted via  
Lansing to view our Capitol.

There was only one sad or sour  
note in the whole 850 mile trip.  
Mrs. L's picture with the Indian  
Chief didn't turn out. Mr. L.  
couldn't bear Mrs. L's disappoint-  
ment so he brought his wife back  
to their cabin where they picked  
up Mr. and Mrs. Carl Warnick  
and once again headed for Cross  
Village. Chief Yellow Thunder  
was easily found and the camera  
started clicking. After a make-  
shift lunch of cold pork chops,  
hard boiled eggs, pickled baloney  
apples and buttermilk, and a  
mission completed, the foursome  
traced their tracks, the Warnicks  
to their home on the Au-  
Sable and the Longdykes to Bir-  
mingham.

Lucksted, Lawrence Canfield and  
Gary Parkinson took in the De-  
troit Lions football game Sunday

per followed by an evening of

Announcing the  
Fabulous '56 Pontiac

Introducing A BIG AND VITAL  
GENERAL MOTORS  
"AUTOMOTIVE FIRST!"

With all that's newest in glamour  
—and all that's greatest in "go"  
—the fabulous '56 Pontiac, now on display,  
awaits your hands on the wheel.

And when you drive it, you will get  
the biggest thrill in all your motoring ex-  
perience—because this car is really loaded!

The big and vital General Motors "First",  
which heads its long list of look-ahead fea-  
tures, couples the two most advanced high-  
performance developments in the industry:

1. An all-new, big-bore Strato-Streak V-8  
engine that puts 227 blazing horsepower at  
your toe-tip.

2. A completely new Strato-Flight Hydra-  
Matic\* that delivers this terrific "go" with  
a smooth surge of power at any speed.

You now sweep from take-off to top  
performance with the ease of a sailplane.  
You slow down for traffic, speed up for  
passing, or gun for a high bill with the  
changing pressure of your toe on the accel-  
erator the only sign of effort.

You may have had it smooth before—but  
never like this! It literally must be experi-  
enced to be believed.

That's plenty—but there's much more to  
make this a date to be long remembered.

A new Strato-Flight Hydra-Matic—coupled  
with Pontiac's 227-H.P. Strato-Streak V-8—  
results in performance so new and dramatic  
it must be experienced to be believed!

There's smart, new beauty and luxury  
for America's most distinctive car. There's  
the safety of big brakes and road-hugging  
length . . . the security of a smooth new  
ride and sure-footed cornering.

There are many, many other things  
which mark this beauty as the glamorous  
pattern for tomorrow's cars. But come in  
and see for yourself. Take a long look at  
the six luxurious new Four-door and Two-  
door Catalina hardtops. Sample the results  
of its fabulous General Motors "First".

Sure-as you enjoy thrilling action, here's  
your next car!

### Calvary Ambassadors

The Ambassadors met on Monday night at the home of Mr. and Mrs. Roy McEvers. There were ten young people present. After singing some hymns and Gospel choruses, a short time was spent in Scripture memorization. Bill Kellogg read a letter from Rev. and Mrs. Harry F. Buerer, who are missionaries in the Philippine Islands. The Ambassadors supported the Buerer's eldest daughter, Peggy Ann.

The title of the message for the evening, given by Rev. Luter, was "Lucifer in the Living Room." It is indeed deplorable, the vast amount of pornographic literature, obscene pictures, sexy books and magazines that are found in the average living room today. Small wonder that our young people go astray when Satan has such a stronghold in the homes of our nation.

The Ambassadors will meet next week at the home of Mr. and Mrs. Ed Underwood.

## YOUR PARTNER IN SAFETY!

Here, from your partner in safety — the truck driver — are some friendly suggestions for furthering safe driving on our highways. If everybody cooperates, we'll all enjoy happier, safer driving.

1. Be sure your car is in good operating condition at all times.
2. Obey all traffic laws.
3. In planning a trip, don't schedule more miles per day than you can comfortably and safely drive.
4. On long drives, stop now and then to rest and relax.
5. Never pass on a hill.
6. Courtesy and patience are two very necessary ingredients of safe driving.
7. Don't follow too closely the car ahead of you.
8. Accident statistics continue to rate speed as the number one cause of automobile accidents — so keep it down.
